

Thank You for joining us at ISE 2020!

This USB contains information on the exciting news we announced this year at ISE, and I know you'll find it a valuable resource.

On this USB you will find the press releases, images and preliminary technical data sheets for our announcements, which included:

Bose Work, solutions that bring simplicity and sound clarity for a more productive workday.

Bose Videobar VB1 All-in-One Conferencing Device that brings premium audio and video to meeting areas and allows users to be clearly seen and fully understood.

Bose Noise Cancelling Headphones 700 UC that enable superior collaboration in the workplace and beyond — from open offices, airport lobbies, coffee shops or the remote office, and everywhere in between.

Bose ES1 Ceiling Audio Solution is a powerful in-ceiling conferencing solution optimized for unified communication platforms like Microsoft Teams.

Bose FreeSpace FS Series Loudspeakers which are the next evolution in the FreeSpace series.

If you visit [PRO.BOSE.COM/ISEpress2020](https://pro.bose.com/ISEpress2020) you'll find our videos on Bose Work, Videobar VB1 and NCH 700 UC which provide additional information.

As always, please don't hesitate to reach out if you need anything, have a question, or want to discuss industry trends.

Thanks again and I look forward to connecting with you soon!

A handwritten signature in black ink that reads "Amanda M. Roe". The signature is fluid and cursive, with the first name being the most prominent.
